SCREENSHOTS--

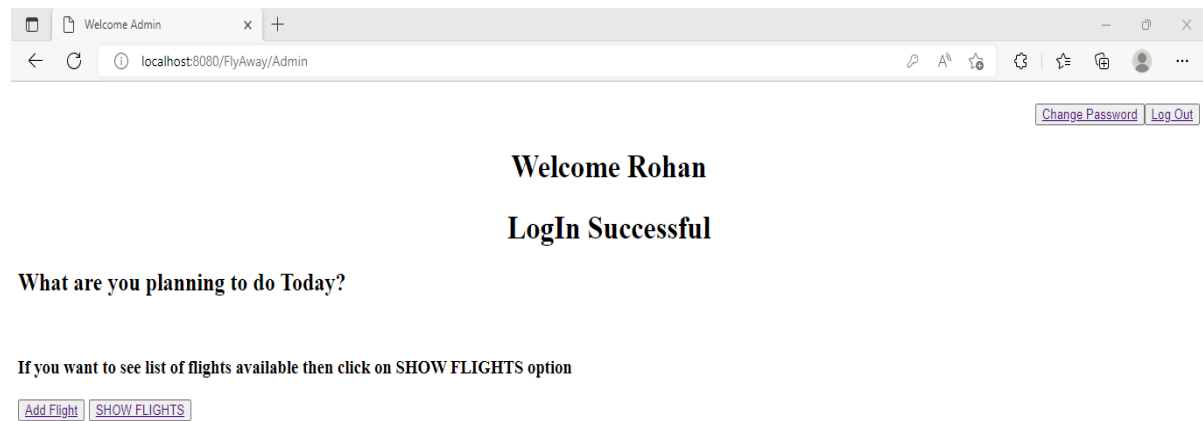

Display page—index.html

AdminLogin page--

Admin Display page after login--

A screenshot of a web browser showing the 'Welcome Admin' page. The browser's address bar displays 'localhost:8080/FlyAway/Admin'. The page content includes a 'Welcome Rohan' message, a 'LogIn Successful' status, and a prompt 'What are you planning to do Today?'. Below this, a note states 'If you want to see list of flights available then click on SHOW FLIGHTS option'. At the bottom, there are two buttons: 'Add Flight' and 'SHOW FLIGHTS'. In the top right corner, there are links for 'Change Password' and 'Log Out'.

Portal to change Admin Password --

A screenshot of a web browser showing the 'Change Password' page. The browser's address bar displays 'localhost:8080/FlyAway/cp.html'. The page content includes a 'Change Password' title, three instructions: '1)Old Password should be correct', '2)New Password and Old Password should not be same', and '3)Confirm Password should match New Password'. A note states 'Note:If any of the above condition fails then it will be considered as Invalid Credentials'. Below the instructions, there are three input fields labeled 'Enter Old Password:', 'Enter New Password:', and 'Confirm New Password:'. At the bottom, there are three buttons: 'Change Password', 'Cancel', and 'Take a screenshot'.

Change Password

1)Old Password should be correct
2)New Password and Old Password should not be same
3)Confirm Password should match New Password

Note:If any of the above condition fails then it will be considered as Invalid Credentials

Enter Old Password:
